

It could happen. But it doesn't have to.

Turn back
the tide.

With 90% of Newfoundlanders and Labradorians living in coastal communities, the effects of climate change will be felt here more than anywhere. And we are feeling it. Extreme weather, flooding, coastal erosion, and sea level rise. Fortunately, there's a lot you can do to help keep the threats of climate change at bay. To get involved, visit TurnBackTheTide.ca
